

## REPORT TO THE POLICE SERVICES BOARD

Author	Giles le Riche, Director Business Services	Date: May 18, 2021
Subject	Monitoring Report – Financial Activities and Conditions 1 <sup>st</sup> Quarter Ended 2021	Report Type: Information

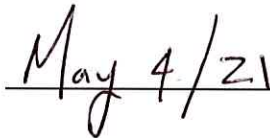

### RECOMMENDATION:

"THAT the Board find that all provisions of the Financial Conditions and Activities policy have been complied with."

Signed:

  
\_\_\_\_\_  
Chief of Police

Date:

  
\_\_\_\_\_

### BROADEST POLICY PROVISION:

*"With respect to ongoing financial conditions and activities, the Chief of Police will not cause or allow development of fiscal jeopardy or material deviation of actual expenditures from the Board priorities established in the Ends policies."*

### Interpretation of the Chief of Police:

It is my interpretation of this policy that compliance with the nine following policy statements and the data there tendered fulfills the total requirement of this provision.

I therefore report **compliance** with this Executive Limitations Policy.

"Further, without limiting the scope of the foregoing by the enumeration, the Chief of Police will not:"

### Policy Provision #1

1. *"Expend more funds than have been allocated by the Regional Municipality of Durham for the Fiscal Year."*

### Interpretation of the Chief of Police:

It is my interpretation of this policy that it applies to the entire budget as a whole and that any material variance from budgeted spending is to be addressed in the succeeding period.

Further that any material variance that is likely to cause non-compliance with provision 1 should be reported to the Board at its next meeting.

## Data Support:

Upon review of the spending summary produced by the Director of Business Services, which is based upon the financial statements provided by the Region on April 9, 2021, I report the following:

The financial statements for the 3 months ended March 31, 2021 show net spending of \$42.90 million (2019 - \$48.23 million) representing 19% (2019 - 23%) of the annual operating budget of \$223.19 million (2020 - \$214.72 million).

Based on the three months of actual spending and an estimate for the remaining nine months' activity, it is expected that the year end result will be close to the budgeted level.

As in prior years, wage savings from position vacancies are expected as the Service deals with recruitment challenges to keep pace with the high numbers of member departures. These savings are reduced by related anticipated overspend for part-time and overtime resources.

Similar to past years, it is expected that these savings will be required to support underfunded spending in the areas of legal services and consulting costs.

In addition, the Service is anticipating reduced police record check revenues due to the COVID-19 pandemic. It is not known at this point in time whether the impact will be similar to the 2020 experience.

The appendix, on pages 11 and 12, provide additional financial information in the form of two summary tables. Each table compares the actual spending to approved budget by major cost category, including a brief explanation of the major trends and forecast rationale. The first table represents the current year and the second table contains results from the same time period of the prior year.

Therefore, I report **compliance** with this provision.

## Policy Provision #2

2. *"Authorize capital expenditures which would result in a capital variance of more than 5% of the approved capital budget, to a maximum of \$200,000, prior to advising the Board."*

## Interpretation of the Chief of Police:

It is my interpretation of this policy that I will inform the Board prior to authorizing individual discretionary capital expenditures which had not been included in the approved capital budget, and which are larger than the lesser of a) 5% of the approved capital budget, and b) \$200,000.

### **Data Support:**

The Director of Business Services reports that during the reporting period, there were no individual capital variances approved, that exceed either 5% of the approved capital budget, or the amount of \$200,000.

For the period ended March 31, 2021, capital variances totaling approximately \$60,000 were approved, related to purchases due to written off vehicles supported by insurance recoveries and some IT equipment.

I therefore report **compliance** with this provision.

### **Policy Provision #3**

3. *"Fail to authorize the payment of payroll and other financial obligations in a timely manner."*

Interpretation of the Chief of Police:

It is my interpretation of this policy that the Durham Regional Police Service will process payments through the Region's systems and that payments will be made in such a manner as to ensure that members receive their payroll, and that suppliers receive payment in a timely manner.

### **Data Support:**

The Director of Business Services reports that we have had no significant complaints with respect to payment of payroll or other payments during the reporting period.

I therefore report **compliance** with this provision.

### **Policy Provision #4**

4. *"Negotiate, commit, approve or sign any collective agreements or addendums without explicit Board authorization. (This does not preclude the Chief or designate from participating in bargaining sessions in an advisory capacity as per section 120(4) of the Police Services Act.)"*

**Interpretation of the Chief of Police:**

It is my interpretation of this policy that the Chief of Police and designates have no authority whatsoever in this area without the explicit authorization of the Board and that the Chief or designate should request said authorization in writing.

### **Data Support:**

There have been no negotiations, commitments, approvals or signatures of any collective agreements or addendums without explicit Board authorization.

On March 23, 2021, the Uniform and Civilian collective agreements were finalized with the Durham Regional Police Association. These agreements are effective January 1, 2020 and expire on December 31, 2024.

On November 19, 2019, the Senior Officer's collective agreement was finalized with the Durham Regional Police Senior Officers' Association. It is effective January 1, 2019 and expires on December 31, 2021.

I therefore report **compliance** with this policy.

### **Policy Provision #5**

5. *"Approve or sign any agreements with other police services, service providers, or service recipients, which exceed annual transfers of \$1,000,000, without explicit Board authorization."*

### **Interpretation of the Chief of Police:**

It is my interpretation of this policy that the Chief of Police has no authority regarding annual transfers in excess of \$1,000,000 in this area without explicit authorization and that the Chief should request said authorization in writing.

### **Data Support:**

No such activity has taken place in the reporting period at all, and no authorizations have been received.

I therefore report **compliance** with this policy.

### **Policy Provision #6**

6. *"Acquire, encumber or dispose of real property. (Property as defined in the Police Services Act section 132 exempted.)"*

**Interpretation of the Chief of Police:**

It is my interpretation of the policy that I am not authorized to deal with the purchase, sale or encumbrance of real property, meaning real estate, without express authorization from the Board. This, however, does not prevent my ability to lease premises as required pursuant to the budget and as coordinated with the Real Estate Division of the Regional Municipality of Durham. (The practice of the Regional Municipality of Durham is to submit all such real estate leases to Council for approval after approval by the Chief.)

**Data Support:**

There were no such acquisitions, encumbrances or dispositions undertaken during the reporting period.

I therefore report **compliance** with this provision.

**Policy Provision #7**

7. *"Fail to maintain an inventory of federal and provincial grants and contribution programs relevant to public safety, and maximize opportunities to seek funding from such programs."*

**Interpretation of the Chief of Police:**

It is my interpretation of this policy that the service shall maintain a list of such programs and shall periodically evaluate funding opportunities and actively seek them out. Material funding sources shall be disclosed in the Annual Business Plan Budget which is approved by the Board. Funding awarded after budget approval will be disclosed in the next quarterly report.

**Data Support:**

The Director of Business Services maintains a list of such programs; coordinates with the management of the service to make grant applications and discloses all known material funding sources in the Annual Business Plan Budget approved by the Board.

## The Court Security Prisoner Transportation Funding

The program is based on a maximum funded amount of \$125 million for the Province in total, which the program reached in 2018. The Ministry is in the process of reviewing this program. While there has been uncertainty in funding levels from year to year, this provincial review adds a new degree of uncertainty.

The Service has recently received approved 2021 funding in the amount of \$4,200,882 which represents a 3% increase over 2020 approved funding.

A historical summary of the approved funded amounts is provided below.

### Court Security & Prisoner Transport Funding

## Front Line Policing Grants

On April 18, 2019, the Ministry of the Solicitor General announced that effective 2019-2020, current grants would be replaced by a consolidated grant, the **Community Safety and Policing (CSP)** grant.

This grant is described as outcomes-based to better align with local and provincial priorities, with a focus on effective and integrated service delivery, improved flexibility for local needs and priorities related to safety and well-being and to encourage inter-jurisdictional and multi-sectoral approaches.

There are two funding streams with focus on local priorities and provincial priorities. There is a formal application process every three years for funding under both streams.

### **Current Grant Funding:**

- The Service's allocation under the **local priorities** stream has been approved in the amount of \$2,469,523, per fiscal year of the current 3 year grant cycle.
- The Service has received approval for the Guns & Gang application, submitted under the **provincial priorities** stream, in the amount of \$696k per year for 3 years.

Total funding under the 2 priorities streams (local and provincial) is \$3.2 million per year. The grants expire on March 31, 2022 and the Service has not received any information regarding applications for the next 3-year cycle, including funding amounts available.

Reduced funding or elimination of this program would create significant challenges for the Service as these grants fund full-time wage and benefits for authorized staff.

### **Child and Youth Services Program Funding**

The Service receives funding from the Minister of Child and Youth Services within the Ministry of Community and Social Services, to support the following initiatives:

- Extrajudicial Measures – Youth diversion program
- Youth in Policing – Summer employment program
- Youth in Policing – After school employment program

These program budgets are prepared annually and are normally approved in the late spring. In July, the Service received an update confirming that funding has been approved for the 2020-21 fiscal year, based on the prior year's funding allocation (\$435k – 2019/20). Final funded amounts have been confirmed and are consistent with the prior year's funding.

### **Other Grants**

During 2020, the Service took the opportunity to apply for available funding programs and was highly successful. Four of the six grant applications were approved, two of which are multi-year grants.

A summary of the 2020 grant activity is provided below.

Granting Ministry	Grant Program Name	Funding Purpose	Total Amount Requested	Application Status	Application Year	Approved Amount	Grant Expiry

The Service will continue to pursue additional funding opportunities as they become available. The 2021 grant activity to date is summarized in the table below.

Granting Ministry	Grant Program Name	Funding Purpose	Total Amount Requested	Application Status	Application Year	Approved Amount	Grant Expiry
Ministry of the Solicitor General	<b>Youth Advisory Committee (YAC) Grant 2021 (1 Year Grant)</b>	Establish a Youth Advisory Committee	\$60,000	Approved	2021	\$60,000	29-Oct-2021

<b>2021 Totals</b>			<b>\$270,082</b>			<b>\$270,082</b>	

I therefore report **compliance** with this policy.

## Policy Provision #8

8. *"Fail to ensure that resources shared with another police service are reciprocated or otherwise compensated."*

### Interpretation of the Chief of Police:

It is my interpretation of this policy that the service shall formally document major shared service arrangements, track time and resources rendered to and received from other police services and seek reimbursement in those cases where the services were not reciprocated if material in amount.

### Data in Support:

The service, through the Superintendent of Patrol Support, Policing Operations, tracks services rendered to and received from other services pursuant to long term formal Shared Services Agreements. At the end of each year a reconciliation of services exchanged is performed and billings may be processed for amounts owing. This will be done as scheduled in the regular 4th quarter reporting.

I therefore report **compliance** with this policy.

## Policy Provision #9

9. *"Fail to comply with the spirit of the financial by-laws and policies of the Regional Municipality of Durham."*

### Interpretation of the Chief of Police:

It is my interpretation of this policy that all purchases of goods and services shall be in compliance with the Durham Regional Police Service Financial Policy and Procedures Manual, which is in substantial compliance with Regional Processes, subject to limits being established by the Chief of Police in consultation with the Director of Business Services. It is my further interpretation that the practice of expending funds from operating accounts prior to final budget approval is acceptable in order to meet payroll and account payment obligations as per #2 above. Further that spending on Capital Budget items are subject to final Regional budget approval unless specifically dealt with by the Board for pre-approval.

**Data Support:**

The Financial Policy and Procedures Manual was first published and took effect in 2005. It is in substantial compliance with Regional Processes and therefore complies with the spirit of Regional Processes. An updated version was implemented in 2018.

Financial transactions have been in compliance with the Financial Policy and Procedures Manual during the current reporting period.

I therefore report **compliance** with this provision.

**Based on the above proof provided, I report overall compliance with the policy.**
