

Policy Type: **EXECUTIVE LIMITATIONS**

Policy Title: **FINANCIAL CONDITION
AND ACTIVITIES**

With respect to the actual ongoing financial conditions and activities, the Chief of Police will not cause or allow development of fiscal jeopardy or material deviation of actual expenditures from the Board priorities established in the Ends policies.

Further, without limiting the scope of the foregoing by the enumeration, the Chief of Police will not:

1. Expend more funds than have been allocated by the Regional Municipality of Durham for the fiscal year.
2. Authorize capital expenditures which would result in a capital variance of 5% or more of the approved capital budget, to a maximum of \$200,000, prior to advising the Board.
3. Fail to authorize the payment of payroll and other financial obligations in a timely manner.
4. Negotiate, commit, approve or sign any collective agreements or addendums without explicit Board authorization. (This does not preclude the Chief or designate from participating in bargaining sessions in an advisory capacity as per Section 120(4) of the *Police Services Act*.)
5. Approve or sign any agreements with other police services, service providers, or service-recipients, which exceed annual transfers of \$1,000,000, without explicit Board authorization.
6. Acquire, encumber or dispose of real property (property as defined in PSA section 132 exempted).
7. Fail to maintain an inventory of federal and provincial grants and contributions programs relevant to public safety, and maximize opportunities to seek funding from such programs.
8. Fail to ensure that resources shared with another police service are reciprocated or otherwise compensated.
9. Fail to comply with the spirit of the financial by-laws and policies of the Regional Municipality of Durham.
