INTERNAL MONITORING REPORT

ENDS: Public Order
Period: 2006 Year End
Date: January 2007

I hereby submit the Monitoring Report with respect to this Ends Policy.

BROADEST POLICY PROVISION:

“Citizens and visitors to Durham Region live and work in a community that has public order without limiting their constitutional rights.”

Interpretation of the Chief of Police:

It is my interpretation of this policy that the maintenance of public order in Durham Region is meant to ensure the constitutional rights of the individual, while maintaining the ability for its citizens to conduct their lawful activities without significant interference from other members of the public or the police. Given the nature of this concept and the fact that it is an inherent activity and purpose of policing, specific areas to be evaluated or reported upon are less defined than is the case in other end policies.

Statement Of Compliance

I report compliance with this policy. Citizens and visitors to the Region have the public order required to live and work in this community, and, their constitutional rights are maintained at all times.
