Meeting **September 29, 2014**

Agenda Item **Monitoring Report:
COMMUNITY DIVERSITY**

Recommended Motion:

THAT the Board finds that all provisions of the *Community Diversity Ends Policy* have been complied with.

I hereby submit my monitoring report on your Ends Policy “Community Diversity” according to the schedule set out. I certify that the information contained in this report is true.

I report compliance to all provisions of this policy.

Signed: _____ Date: _____
Chief of Police

Board Policy Statement:

An effective and responsive police service must reflect the composition of the communities it serves. The police service must further demonstrate respect and sensitivity to the pluralistic, multiracial and multicultural character of its communities in the delivery of its programs and services.

It is the policy of the Durham Regional Police Services Board that the Durham Regional Police Service shall embrace diversity internally as an employer and externally through the services provided by the DRPS. The values of inclusiveness, tolerance, and respect will be promoted and maintained throughout the organization and in the communities served by the DRPS.

Reporting

An assessment of the level of diversity embraced by the DRPS shall rely upon quantitative and qualitative analyses of relevant data, information and public input.

The Chief shall report annually on outcomes resulting from this policy.

Interpretation of the Chief of Police:

It is my interpretation that the Board Ends of Community Diversity is directly related to Section 1, principles 5 and 6 of the *Police Services Act, 1990* – Principle #5 identifies – “*The need for sensitivity to the pluralistic, multiracial, and multicultural character of Ontario society*”. Principle #6 identifies “*the need to ensure the*

police forces are representative of the communities they serve.” It is my further interpretation that the Community Diversity Board Ends is responsive to sec 4 (3) of the *Police Services Act* regarding *Assistance to victims of crime* and our duty to provide adequate and effective police services in a multiracial and multicultural context.

Further it is my interpretation that:

1. The Durham Regional Police Service must come to reflect the multi-cultural, multi-racial, and pluralistic composition of the various communities that comprise Durham Region.
2. The Service shall report annually on outreach initiatives that seek to engage active participation in community/police relationships with underrepresented groups.
3. The Service shall ensure that our Human Resources processes are bias free in all job postings, learning opportunities, promotions and transfers.
4. Efforts and results surrounding the recruitment, hiring, and retention of underrepresented groups shall be reported to the Board annually.
5. The Service shall provide the Board an annual summary and year over year comparison of public complaints regarding either Board/Service policy or individual acts, Human Rights complaints, and any other legal process in which allegation(s) of discriminatory practices on grounds prohibited under the Human Rights Code of Ontario by any member, or policy of the Service is alleged.

Diversity Defined:

Since its inception in 2003 the Durham Regional Police Service’s Diversity Advisory Committee (DAC) acts as a consultative and advisory body to the Chief Constable for diversity related matters. With building the safest community through mutual trust and understanding as a guiding principle, the DAC assists the Service to recognize and respond to rapid social change in the external environment that creates challenges which may affect the internal police organization and the ability of the Service to respond equitably and fairly.

DAC defines diversity as a concept that promotes mutual respect, acceptance, teamwork and productivity among people who differ in work background, experience, education, age, gender, race, ethnic origin, physical abilities and all of the other ways in which we differ. As in previous year’s editions, this monitoring report is prepared with the above definition in mind.

A key role on the DAC, externally with our community partners and internally with all members, is that of the Service’s Diversity Coordinator. The Service experienced a year of transition for this important position in 2013, however I am happy to report a successful candidate was selected in 2014 and is actively involved in the role. The Coordinator has been spending much of the year developing her own personal diversity competency through educational opportunities. As well, she has attended 52 events and 111 meeting with many of our diverse community partners to build and expand upon the current relationships and continue to create more relationships with diverse populations throughout the Region.

Data Support:

1. REGION AND SERVICE COMPOSITION

Data support in this section relies largely on Statistics Canada; the information below is most current as provided by Stats Canada or is carried forward from earlier versions of the monitoring reports. Regional composition pertaining to visible minority, sex, language and age together with Service compositions are noted below with results from the Service’s 2012 Public Opinion Poll where relevant.

Visible Minorities:

In their 2011 National Household Survey, Statistics Canada reports that visible minorities comprised 21% of Durham's total population, up from 16.8% as noted in their 2006 Census. The results of the Service's 2012 Public Opinion Survey showed that 81.6% of the respondents feel that the diversity of staff of the Service is representative of their community. The Service has not hired officers for several years which has impacted our ability to improve upon this perception, however ensuring our future new recruit officers reflect our community is a key focus in 2014.

Age:

The 2011 National Household Survey reports that youths, aged 14 and under comprise 18.6% of the Region's total population. Conversely, seniors aged 65 and over comprise an average 12% of the Region's total population. Statistics Canada projects that 2016 will be the first year that seniors will outnumber children under age 14. It is important to note that no new current data is available at this time. This information helps the Service determine where support and partnerships are needed to continue to provide community safety. Engaging members from these two demographic groups is a focus from the Service as evidenced through our Youth in Policing (YIP) and Seniors programs.

Sex:

According to Statistics Canada's 2011 Census, the population of the Regional Municipality of Durham is comprised of 51.3% females and 48.7% males. The total number of members in the Senior Officers' Association is 39 of which 14 are female (36%) with 10 of the 14 holding leadership roles. The chart below notes the percentage of sworn female officers across comparator services in 2010 and 2012 as recorded by Statistics Canada. Of the nine services captured, all services increased slightly except for Ottawa which remained the same and Durham which decreased slightly at 0.7%. No new data is available at this time.

Percentage of Female Officers Across Comparators in 2010 and 2012

**No new data is available as a result of the Long Form census data being eliminated by the current government. This will pose a challenge for the Service to find relevant and comparator data going forward.*

Source – Statistics Canada – Police Personnel in Municipal Police Services – Ontario 2012

Language:

As noted in 2013's Community Diversity Monitoring Report, the 2011 Census categorizes *language spoken most often at home* in the Region as English 94.2 % of the time, followed by French at .6 % and Non-Official Languages at 5.2 % of the time. The Non-Official languages spoken 5.2% of the time are broken down as follows:

- | | | | |
|------------|--------|---------------------|-------|
| 1. Urdu | 10.2 % | 6. Tagalog/Filipino | 5.5 % |
| 2. Persian | 7.4 % | 7. Arabic | 4.7 % |
| 3. Tamil | 7.2 % | 8. Italian | 4.7 % |
| 4. Spanish | 6.6 % | 9. Chinese | 3.9 % |
| 5. Polish | 6.2 % | 10. Cantonese | 3.3 % |

Currently the Service has 50 members speaking 20 languages, eight of which are identified above in the top ten most spoken in the Region. The complete list of 20 includes:

- | | | | |
|-----------------------|-------------|--------------|-------------------------------|
| • Arabic | • German | • Latvian | • Punjabi/Hindu/Urdu /Gujrati |
| • Cantonese/ Mandarin | • Greek | • Lithuanian | • Serbo-Croatian |
| • Dutch | • Hungarian | • Macedonian | • Spanish |
| • French | • Ibo | • Persian | |
| • Filipino | • Italian | • Pidgin | |
| | • Patios | • Polish | |

We also have one police constable registered as a sign language interpreter. The Service continues to post language aides at each physical location to be used as references to assist all of our residents.

OUTREACH INITIATIVES

The Service continues to participate in various community events with underrepresented groups across the Region in an effort to create new and strengthen current partnerships. A sample of some of this year's success stories are summarized below.

For the past six years the Service has participated in the Mississaugas of Scugog Island First Nations Pow Wow. This important cultural event allows members to experience firsthand our local First Nations culture and further strengthens our relationship with our host First Nations community. This celebration is also attended by our Youth in Policing Students, introducing future leaders to our host First Nations culture. In addition, our North Division leadership team has established a strong working relationship with the new Chief of the Mississaugas of Scugog Island First Nation. Chief LaRocca has been instrumental in developing a new education module for members of the Service to help build awareness about First Nations members, their culture, and their customs. A new emblem decal was developed as well to be placed on all North division cruisers. This emblem is readily identifiable to a person of aboriginal heritage as a symbol of respect, understanding, safety and cultural knowledge that should provide the impetus for an aboriginal person to approach our officers in time of need or in a social setting. The decal should also stimulate conversation with persons of non-aboriginal descent with respect to its meaning and to promote the DRPS relationship with the communities we serve.

The Service partnered with Toronto, York, and Peel for the inaugural Four Directions Canoe Project. The initiative provided youth from each of the Services Aboriginal Communities to participate in a paddle up the Humber River in Toronto followed by some traditional teachings, crafts and a meal. The mission of the trip is to build relationships and break down stereotypes. Approximately four youth from Durham attended this event along with officers. Peel Regional Police is to host the event in 2015.

The Service was proud to partner with the Regional Municipality of Durham to host this year's "Diversity in our Community" event aimed at exploring and celebrating diversity throughout the Region. Tours of the Abilities Centre, Devi Mandir in Pickering, Islamic Centre of Oshawa, The Church of Jesus Christ of Latter Day Saints in Oshawa, and the Jewish Centre of Durham Region in Whitby were provided together with presentations from various community groups. The multi-faith tour for 2014 has been moved to the Spring of 2015 due the disruption in planning.

Throughout the month of February Black History Month offered a number of opportunities for the Service to engage community members. This year the Service was awarded the honour of hosting the ABLE Awards Gala in 2015. A committee has been struck to plan and organize the event and showcase Durham Region next year.

In 2014 the Service participated in the premier Durham Chinese Canadian Culture Centre (DCCC) career expose in Pickering. This event marked the second time the Service formally engaged the Durham Chinese community in discussions regarding community policing while presenting the Service as an employer of choice for future applicants.

This year was particularly eventful as Toronto hosted World Pride. Our Service coordinated a float for York, Peel, Durham, Ottawa, Cobourg, Ontario Provincial Police, Port Hope, Cobourg, and the Ontario Police College, as well as Durham's Children's Aid garnering international visibility in the LGBT community. The Service continues to support and recruit from the LGBTQ community through participation in the annual Durham Pride and the Toronto Pride parades and related recruiting initiatives. Our multi-coloured, themed cruiser continues to be the envy of police services province wide; the cruiser was requested for and subsequently made appearances at both London and Ottawa Police Services' Pride Parades this year. We were also asked to participate in the CAS Pride Luncheon and showcase the Pride cruiser for the Torch Run.

Durham Region's youth community remains a priority of both the Service's current and successor business plans. Results of the Service's 2012 Public Opinion Poll noted that 54.7% of respondents do not feel that DRPS interacts enough with youth in their community. To support the development of future leaders in our community the Service's Youth in Policing (YIP), offered in collaboration with the Ministry of Children and Youth Services, continues to be a focal program. In 2013, 62 young people aged 15 – 18 graduated from the summer program. In the fall of 2013 an additional 73 YIP's started the after school program and graduated in the spring of 2014. Joining sworn and civilian members across the organization, 11 youths from the prior year's program returned in 2013 as team leaders and supervising team leaders as coaches and mentors to ensure the program's success. To reflect the Region's demographic compilation of female to male residents, students were selected to closely reflect the same ratio respectively.

The YIP Program, offered in partnership with Ministry, will engage students in positive and productive activities promoting leadership, team building and communication skills for them to successfully become ambassadors for the Durham Regional Police Service. As ambassadors, the students work to improve police and community relations. Students in youth programs tackle interesting topics such as; problem based learning; bridging the gap between youth & police; removing stigma and building positive relationships; raising awareness for a local youth shelter; and participating in physical activities such as the Special Olympics basketball tournament and soccer clinics.

The Service partnered with the Diversity Advisory Committee to advance youth initiatives participating in events and/or event planning such as: PFLAG LGBTQ Youth Camp; Town of Ajax Youth Engagement Advisory Committee; The Durham Boys and Girls Club; Open Doors; and, Durham Child's Nutrition Program.

In March 2013 the Service joined with Durham Human Services Justice Coordinating Committee for the "Cyberspace Impact" seminar held at the Tosca Convention Centre. The event was youth focused with presentations on a variety of topics including on-line bullying and gaming/gambling addictions. Constable Devine partnered with Dan Hogan of the Durham District School Board to present at this event. Registration was filled with 200 community partner representatives.

Our east Division along with members of command continue to support the Walk a Mile in Her Shoes event held yearly to shine a spotlight on women who have been in and are trying to get out of abusive relationships. Many of our divisions provide support for elderly members of our community, with a DRPS member hosting a local TV program for seniors. Yearly the Service participates in the Children's Games held at the Pickering Recreation Complex. This is an event to help support physical activities for children with special needs. Members come out and build relationships with these youth assisting them in a day of fun activities.

Results of the Service's 2012 Public Opinion Survey showed that 67.2% of respondents felt that the Service is appropriately represented at community events. With 54.9% of respondents reporting that they are not at all familiar with the community partnerships of the Service, an opportunity for improvement is presented. All members are encouraged to attend events and build relationships across the Region as representatives of the Service. Attendance at various events and committees throughout the Region in the last two months of 2013 and 2014 to date as reported to Human Resources are noted in Appendix A and B. Our central east division alone has attended 70 community events so far this year. This type of commitment is common among all the divisions.

2. BIAS FREE HUMAN RESOURCES PROCESSES

Together with eight Service directives, the Human Resources Unit processes ensure fair treatment of members participating in job postings, promotions, transfers, and learning opportunities. Further, processes reflect the

established guidelines noted in the Ministry of Community Safety and Correctional Services’ “Policing Standards Manual (2000)” regarding equal opportunities.

Job Postings:

Vacancies approved for posting are managed through a fair and transparent selection process; in accordance with relevant directives and collective agreement provisions. Application packages are collected uniformly for all members via our human resources information system (PeopleSoft). Selection is merit based and the competencies of candidates are assessed by a panel through interviews, presentations, skills testing and/or resume reviews. In 2013 there were 94 jobs posted; 69 have been posted year to date. No complaints were received in 2013, nor have any been received regarding the 2014 process to date supporting that our recruitment processes are bias free.

Promotions:

During 2013 the Service decided not to promote, however applicants continued to ready themselves for future promotional opportunities. During the initial continuous improvement review from KPMG, it was recommended that the promotional process be reviewed and revised in 2014, with a target date for implementation of January 2015. The data noted below reflects candidates who have completed the exam stage only and have not yet been recommended to continue in the process by their respective supervisors. The following table provides a demographic comparison of those candidates in each step of the current promotional process against the population of the Region; 2012 data is provided in parentheses.

	Durham Region	DRPS Sworn Compliment	Step 1 PC to Sgt 65 Candidates	Step 2 Sgt to S/Sgt 29 Candidates	Step 3 S/Sgt to Insp 10 Candidates
Visible Minority Population	21 %	9.32%	6.2% (13.7%)	0% (16%)	10 % (16.7%)
Female Population	51.3 %	18.7%	16.9% (4.8%)	16% (8%)	0 % (0%)

2012 saw an increase in females making successful application to Steps 1 and Step 2, however no change was noted due to the revision of the promotional process. The lack of female successful application at Step 3 is noted, and remains unchanged from last year’s monitoring report. Visible minority successful application to all three steps has remained unchanged since 2013.

Transfers:

As of January 2013, 2 SOA civilian, 27 civilian and 223 sworn members of the Service have been transferred to various units.

As of September 30th of this year, 8 SOA uniform, and 143 Sworn members have been transferred. These numbers represent permanent transfers only and do not included temporary transfers or secondments. There were no complaints received alleging discriminatory practices supporting that our recruitment and transfer processes are bias free.

Learning Opportunities:

Education and training initiatives that enhance members' abilities and promote the highest standards of service delivery are provided through the Police Education and Innovation Centre, Human Resources, and community partners. As reported in the last year's monitoring report, the Anti-Racial Profiling electronic learning module (ELM) was launched on September 5th, 2012 to educate members on the value and importance of diversity and inclusivity amongst peers and within the broader community. Important best practices such as; criminal profiling versus racial profiling; engaging youth from a diversity aspect; and understanding relevant case law and outcomes are featured. This module is mandatory for all members. As of June 2014, the compliance rate for completion is 95.663%; increased from 85% as reported in 2013.

Further to this and in partnership with the DAC, to increase member's cross-cultural competence, the Service is in the process of adding to its intranet links to various online references which cite appropriate diversity terminology.

To further educate and develop the members of our newly formed Diversity Resource Group we continue to offer "Lessons In Humanity" at Simon Wiesenthal Centre and our "Diversity Training Module". We also held two working sessions with the group to build awareness about personal biases and stereotypes so members are aware of how each may play a part in their interactions with members throughout the Service. Building this awareness and helping these members learn how to respond to members throughout the Service address these issues is paramount to the success of the resource group and ultimately the Service. This group plays a key role in imbedding the goals of the 2012-2015 Diversity and Inclusivity Strategic Plan Service wide focusing on:

- Recruiting, selecting, retaining and promoting diverse talent;
- Building bridges within the community;
- Developing diversity competence within the Service; and,
- Promoting inclusivity within the organization.

As noted throughout various segments of this report, the Service employed a number of coherent actions cited in the Diversity and Inclusivity Strategic Plan this year including:

- The inclusion of community contribution reporting in the performance appraisal system to promote and foster behaviour aimed at achieving positive dividends associated with diversity and inclusivity;
- The regular distribution of internal communication celebrating activities, awards etc in order to keep diversity and inclusivity top of mind;
- The engagement of community partnerships to advance the Service's Business Plan priorities; changing negative views of police; and, promoting policing as a reputable career for all diverse groups through outreach initiatives.

3. RECRUITMENT, HIRING and RETENTION of UNDERREPRESENTED GROUPS

Recognizing the value of encouraging policing as a career choice for diverse groups, the Service has attended 38 events year to date at venues in the Region and across the greater Toronto area and southern Ontario such as: World Religion Day; Congress of Black Women; PFLAG; CCAA Asian Experience; and, the Association of Black Law Enforcement Ball.

To promote policing as a future career of choice for women in our community, a female-only practice preparation session was held on September 3, 2014 with 14 women in attendance. A female-only police

readiness evaluation physical (PREP) test session is scheduled for November with 21 out of the 30 available spots confirmed as of September 25th, 2014. Both of these important initiatives aim to attract and engage female applicants, positioning us well for future recruitment drives.

The following table shows 53% of the members hired year-to-date are female.

New Hires

YEAR	2011		2012		2013		2014 (at Sept 26)	
	M	F	M	F	M	F	M	F
SOA	0	1 FT	0	2	0	0	0	0
Full-time	0	0	2	6	0	0	0	0
Part-time	16	17	8	15	5	14	2	9
Summer Student	35	37	76	63	112	107	39	38
Total by Gender/Year	51	55	86	86	117	121	41	47
Total	106		172		238		88	

The Service promotes numerous initiatives aimed at creating an inclusive environment and supporting various underrepresented groups. Religious support is provided to members through our Chaplaincy program which acknowledges the fundamental freedom of conscience and religion and guides the process for members seeking confidential religious-based assistance. Chaplains for the Service are currently comprised of representatives of Catholic, and Non-Denominational Christian faiths. The Service met with each of the Chaplains in our Chaplaincy Program to ensure we are meeting all of our members' needs effectively. Discussions with each Chaplain regarding platoon visits to continue to build awareness amongst members have occurred. The Service is also investigating the possibility of increasing the presence of chaplains in the policing environment this coming year. Articles area also routinely published in the Insider to help build member awareness around diverse religious customs and significant dates for faith based celebrations. By strengthening member knowledge about different customs and traditions we are better preparing the Service to support outreach initiatives that seek to engage active participation in community/police relationships with underrepresented groups.

4. PUBLIC COMPLAINTS

In accordance with reporting requirements of this policy, complaints received by the Service from members of the public pertaining to Human Rights matters are as follows:

Type of Complaint	2010	2011	2012	2013	2014 (as of Sept 15)
Human Rights	4	2	4	3	2
Civil Suits	1	1	0	1	1
Professional Standards	2	7	2	6	1
Total	7	10	6	10	4

Based on the above proof provided, I report overall compliance with the policy.

Appendix A

African Caribbean Advisory Committee

Identifies and discusses diversity issues relating to African and Caribbean members of Durham Region

Association of Black Law Enforcement Officers

An association of officers who build bridges between law enforcement and the community

Communities Involved Lesbian Gay Bisexual and Transgender (LGBT) Committee

Addresses issues affecting the Lesbian Gay Bisexual and Transgender community within Durham Region

Congress of Black women of Canada

Offers support and networking for families and women of the black community in Durham Region

Durham Children's Aid Society Diversity Committee

Deals with issues as it relates to children and their families who are currently in their social services program

Durham Regional Police - Diversity Advisory Committee

Identifies and discusses diversity issues from a Regional perspective, specifically as it relates to policing in Durham Region

Ethno-Cultural and Diversity Advisory Committee

Addresses diversity and equity issues within the Town of Whitby

First Nations Literacy Partnership Committee

Focuses on engagement of youth at the primary age and is coordinated with Durham District School Board. The focus is on delivering First Nation awareness to Durham Region students through books written by First Nations authors.

Local Diversity & Immigration Partnership Council

Deals with issues of diversity and immigration with a specific focus on assisting Durham Region newcomers integrating into the community

Ontario Association of Chiefs of Police Diversity Committee

Promotes an understanding of policing issues as they relate to diversity province wide. The Diversity Committee is the parent committee to the OACP Diversity Network and responsible for policy development.

Ontario Association of Chiefs of Police Diversity Network

Poses as a network for police services across Ontario to share in best practices in relation to diversity

Advisory Committee on Diversity

Addresses diversity and equity issues within the City of Pickering

Pride Prom Committee

Organizes the Regional Lesbian Gay Bisexual and Transgender community prom event for young people

Region of Durham Staff Diversity Committee

Addresses diversity issues in regards to all Regional staff and develop diversity initiatives to engage community members within Durham Region.

Women in Law Enforcement

Encourages, promotes and advances women in law enforcement across Ontario.

Appendix B

Community Partners

- The Baha'is of Durham Region
- The Hispanic Canadian Alliance
- Mississauga's Of Scugog First Nations
