### **Global Executive Limitations**

I hereby submit my monitoring report on Global Executive Limitations according to the schedule set out. I certify that the information contained in this report is true.

Signed: \_\_\_\_\_  
Chief of Police

Date: \_\_\_\_\_

### **BROADEST POLICY PROVISION:**

*The Chief of Police will not cause or allow any practice, activity, decision, omission or organizational circumstance which is either unlawful, imprudent or in violation of commonly accepted public service and police ethics and practices.*

### **Interpretation of the Chief of Police:**

It is my interpretation of this policy that compliance must be understood in context with all of the reports on limitation policies and the concepts expressed in the policy statement above. The concepts expressed generally deal with the “unlawful, imprudent, unethical or immoral behaviours and practices”. The actual interpretation of ‘cause or allow’ is critical to ensure ongoing reporting of details and full compliance with the policy. Certainly the Chief of Police should not ‘cause’ any unlawful, imprudent, unethical or immoral situations. However, ‘allow’ creates a broader interpretation. If likened to criminal process, to ‘allow’ requires knowledge of the specifics of the behaviours or circumstances, combined with a failure to enact remedial action intended to address the transgression and to prevent a continuation or recurrence. This concept makes eminent sense in the context of Board Policies, Directives and Adequacy Standards, and the Act as a whole. On that basis,

any one incident of misconduct, or a member charged with a crime is not interpreted as the Chief of Police ‘causing or allowing’ any of the above noted behaviours or circumstances. In conjunction with the Professional Standards Unit, members are held accountable through Policy, Legislation, and Performance Management Plan assessments. This is also reinforced through Routine Orders and the Chief’s Video messages. I take any breach extremely seriously and reinforce the message throughout the organization.
