

Durham Regional Police Service

Operational Indicators & Statistics

First Quarter 2023

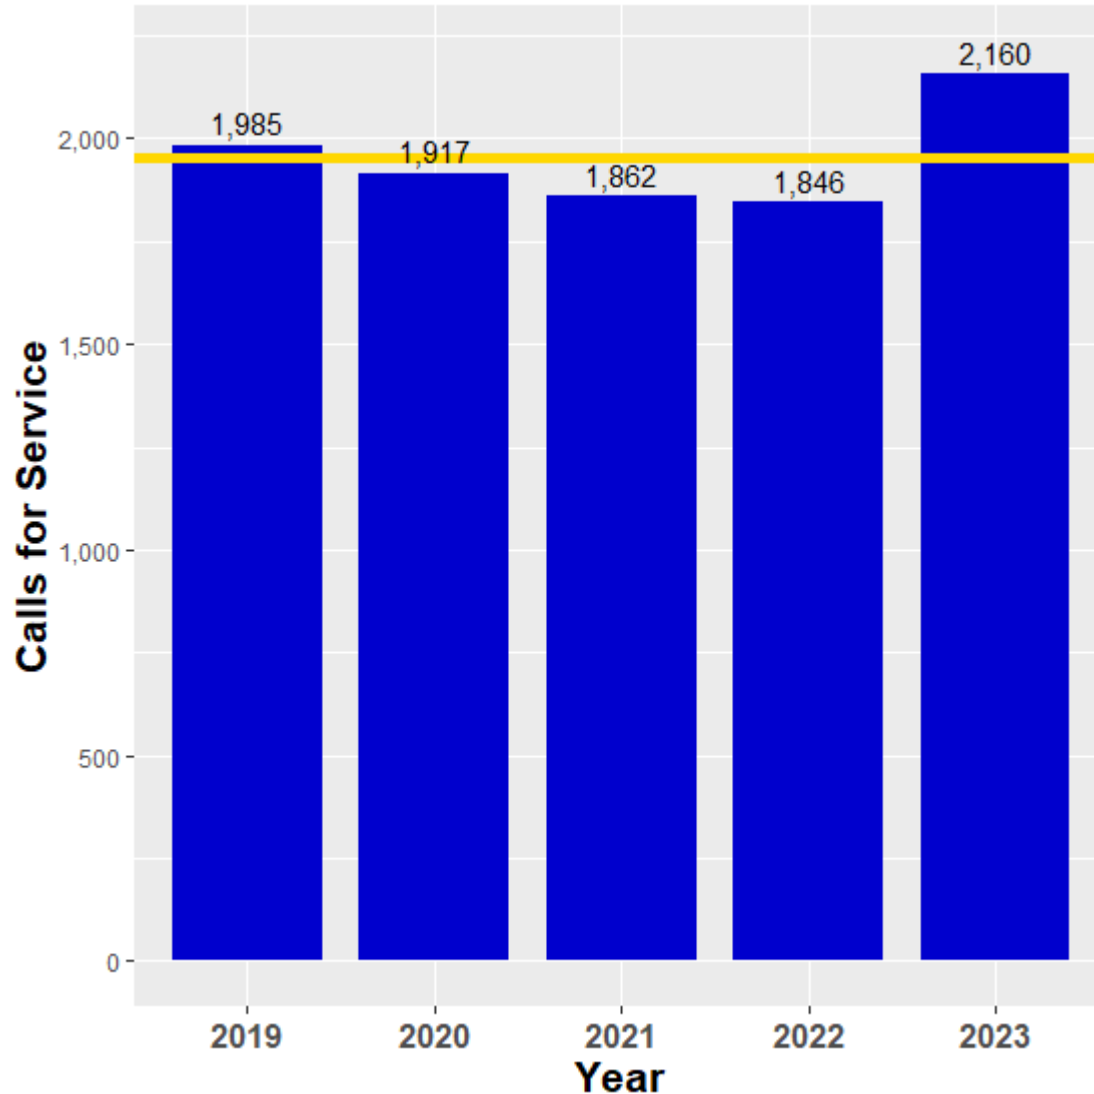

Calls for Service

Compared to Last Q1		
Priority	Difference	% Difference
Emergency	+314	+17%
Urgent	+1,214	+15%
Routine	+698	+4%
TOTAL	+2,226	+9%

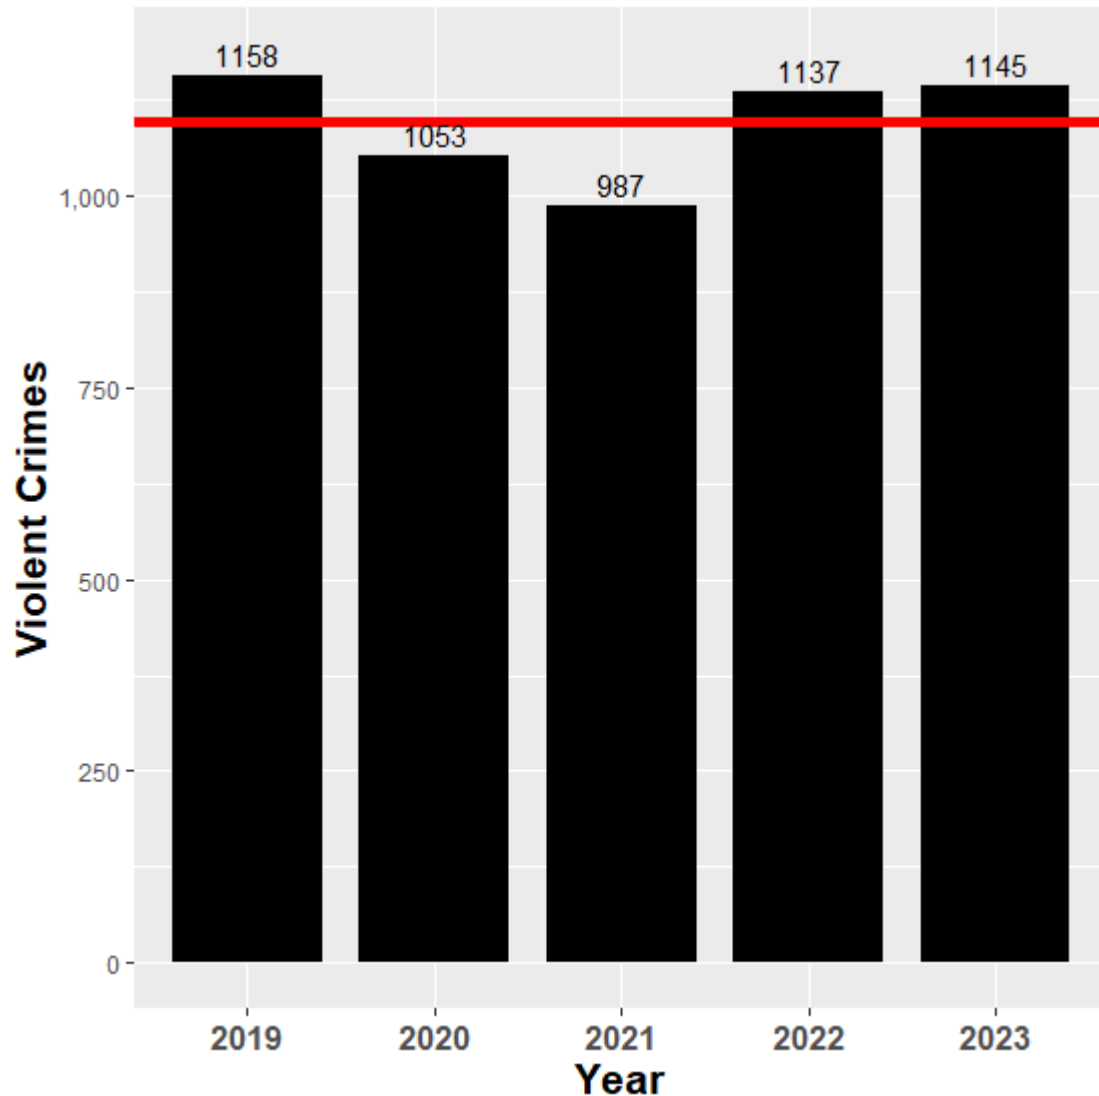

- Overall call volume 9% higher than last year; and 3% per cent higher than the 5-year average
- Calls related to unsheltered population have increased significantly since start of pandemic
- Six call types account for one-third of total citizen call volume and about 25% of the total time spent on scene for reactive calls

Calls for Service - Emergency

- Sharp increase in number of emergency calls
 - +17% over last YTD
 - +13% over 5-year average
- Median emergency response time exceeds 8 minutes (8m:13s) & is the longest response time in past 5 years
- Time spent on scene of emergency calls is increasing
 - Median time spent at the scene of an emergency call is nearly 2 hours, a 45-minute increase when compared to 5 years ago.

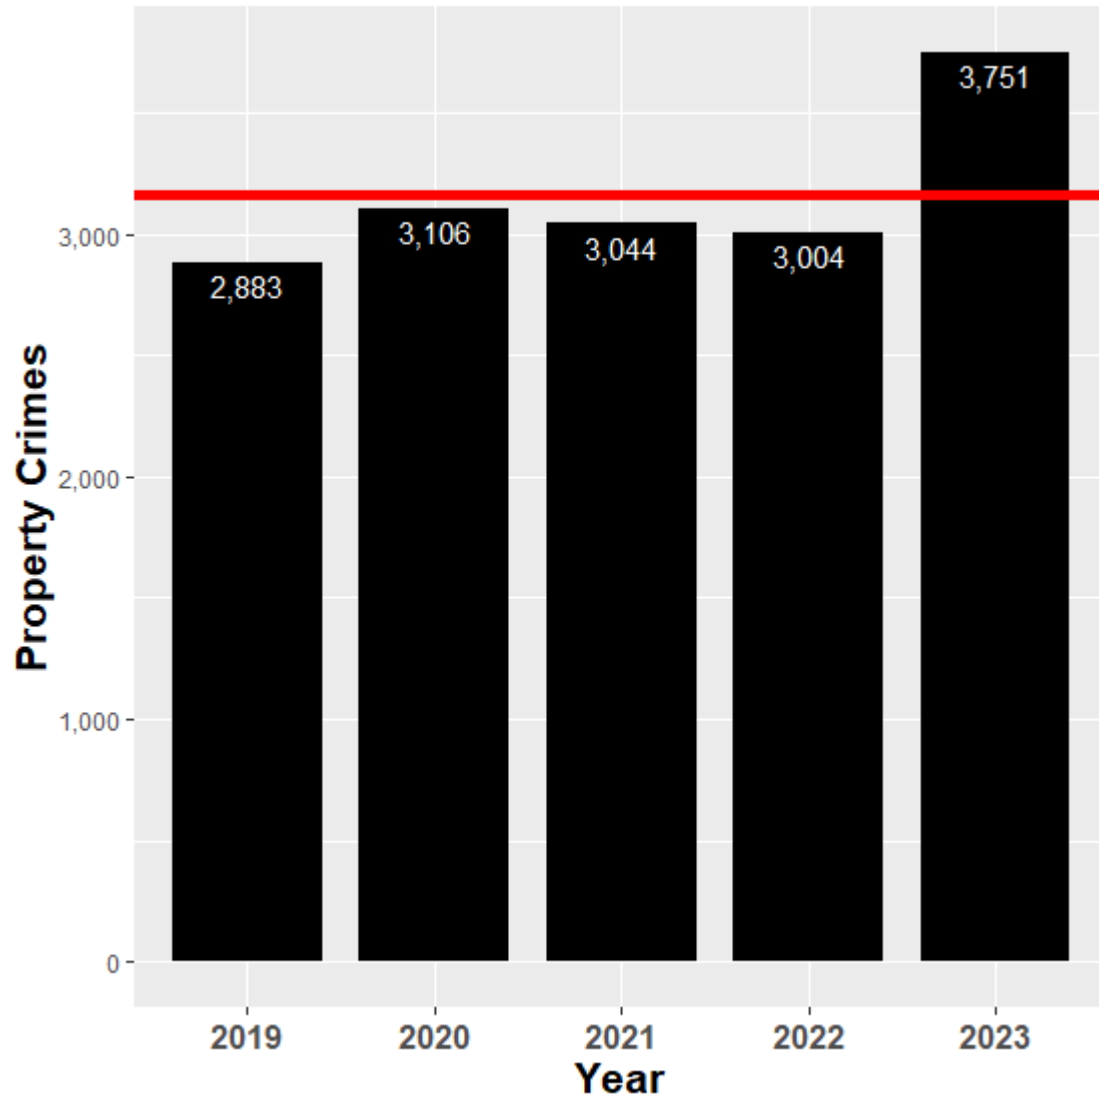

Reported Crime - Violent

Compared to Last Q1		
Category	Difference	% Difference
Violent	+8	+1%
Property	+747	+25%
Other Criminal Code	+162	+13%

- Slight increase in violent crime year-over-year
- Five (5) shootings in Q1, resulting in three deaths
 - One-quarter (25%) of persons charged with a firearm offence were breaching a condition of release
- Much of the increase is driven by lower severity crimes such as simple assault, threatening and harassment
- Sexual assault reports continue an upward trend

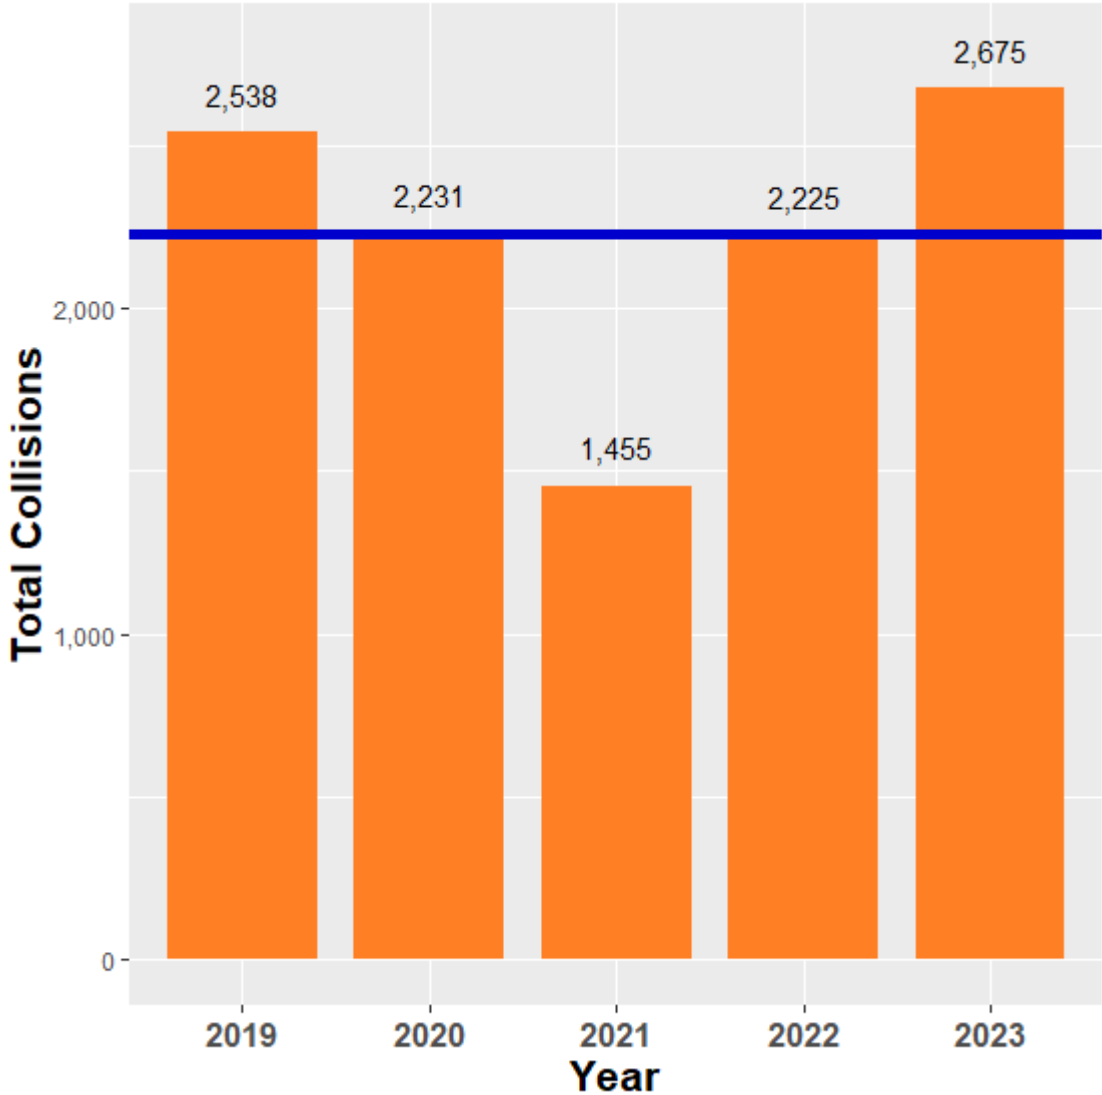

Reported Crime - Property

Compared to Last Q1		
Category	Difference	% Difference
Violent	+8	+1%
Property	+747	+25%
Other Criminal Code	+162	+13%

- Large increase in property crime reports. Major trends include:
 - Thefts of high-end vehicles
 - Increase in shoplifting and other thefts
- Stolen vehicle reports continue to rise as luxury vehicles targeted for export
- Organized thefts from retail locations on the rise

Traffic Safety

Compared to Last Q1		
Category	Difference	% Difference
Fatal	+4	N/A
Injury	-1	No change
Property Damage	+436	+22%

- Property damage collisions rising while injury-causing collisions remain unchanged
- Collisions numbers consistent with pre-pandemic levels
- Four fatal collisions reported in Q1. Well above last year, but consistent with long-term average
